PROJECTS

Cryptocurrency Tracker Application with Real-Time Information, Leveraging React.js, Material UI, and Chart.js for Analyzing Cryptocurrency Performance 🔗

- Created a cryptocurrency tracker application using React.js.
- Provides real-time information about various cryptocurrencies, including prices, market trends, and historical data.
- Integrated Material UI components for a visually appealing and user-friendly interface.
- Utilized Chart.js to generate interactive price charts for analyzing the performance of different cryptocurrencies over time.
- Used the Coin Gecko API as the data source, providing accurate and up-to-date information about various cryptocurrencies.

Farmer E-commerce Web Application for Global Market Access, Collaborative Development with React, Spring Boot, and MySQL for Fair Trade and Customer Authentication

- Collaborated with a team to develop an e-commerce web application that enables farmers to sell their products at a fair price and access the global market.
- Utilized React, Spring Boot, and MySQL to design and develop the web application, contributing to the development of the Login page.
- Demonstrated strong proficiency in front-end development using React, as well as back-end development using Spring Boot and Restful APIs.
- Developed the functionality of authenticating user login and handling customer data, ensuring that the web application met the project objectives.
- Presented the final product, receiving positive feedback for the technical excellence and innovation of the web application.

SKILLS

React   ● ● ● ● ○
State Management , Forms and Form Validation, Performance Optimization, Integration with Third-Party Libraries (e.g., React Router, Axios), Server-Side Rendering

Java   ● ● ● ○ ○
Object-oriented programming, Exception handling, Multi-threading

MongoDB   ● ● ● ○ ○
NoSQL database, Document-oriented database, CRUD operations

Bootstrap (UI Design)   ● ● ● ○ ○
Responsive design, CSS framework, Grid system

EDUCATION

Post Graduate Diploma in Advance Computing (PG-DAC) - 2022, CDAC

Bachelor of Engineering (Mechanical) – 2019, SGBAU University

Diploma in Mechanical Engineering – 2016, MSBTE

Secondary School Certificate (SSC) – 2013, Maharashtra State Board
